

ILLINOIS WOMEN TO VOTE FOR PRESIDENT AT COMING ELECTION

ALSO FOR BOARD OF EQUALIZATION AND COUNTY SURVEYOR.

STRAIGHT TICKET IF DESIRED

Women for Presidential Electors—To Have Separate Ballot To Vote On.

There is considerable argument and conflict of opinion as to what the women of Illinois may vote for at the coming presidential election. The Telegraph has been asked to explain to the women what their duties are at the polls.

The women of Illinois, outside of Cook county where they vote for several minor offices, may vote for:

Presidential electors,
Board of equalization,
County surveyor.

This applies to the women voters of Lee county. There are 27 presidential electors to be voted for. The voter may indicate her choice in two ways. She may put a cross in the circle at the top of the column of republican candidates for presidential elector, member of the board of equalization and county surveyor, or at the top of the democratic candidates for offices. The cross in the circle at the top of the column, with no other mark whatever on the ballot, means that you vote a "straight party ticket," and that you register a vote for every name in that particular column.

Or, not wishing to vote a straight party ticket, it is necessary to put a cross in the square in front of the name of each candidate you wish to vote for.

As we stated above, the women have the right to vote for presidential electors, and in so doing they are registering their choice for president, and their vote for president counts as much as any vote. Every woman voter in Illinois should get to the polls on election day and vote for president and the minor offices on their ticket.

Separate Ticket.

The women need have no fear of becoming confused in the voting booth, for their ticket will be a separate women's ticket, with only the names of the men for whom they may vote. If they are then in doubt as to how they should mark their ticket, they have the right to call upon one of the election judges to aid them.

To Organize Women.

The democratic party in this state is making the boast that they have their women's vote so well organized that more democratic women will vote than republican. Republican leaders, however, believe that the women of their party will take as much interest as the women voters of the democratic party and that, being in the majority, they will be a big help in rolling up a large republican majority for Hughes in Illinois.

AGED DIXONITE IS NEAR DEATH; RESULT OF SUNDAY MISHAP

A. J. HORNER OF NORTH DIXON
THROWN TO PAVEMENT IN
AUTO ACCIDENT.

RIBS AND ARM FRACTURED

George Carpenter's Auto Struck Buggy In Which Victim Was Riding.

Abraham J. Horner, 209 Lincoln Way, is in a critical condition at the Dixon hospital as the result of an accident which befell him at about 9 o'clock Sunday morning when the buggy in which he was driving to church was struck by an automobile driven by George W. Carpenter.

The accident occurred at the intersection of Second street and Highland avenue. It appears from the evidence at hand that both were driving west on Second street and that Mr. Horner turned north into Highland avenue. As Mr. Horner turned in front of the oncoming automobile, Mr. Carpenter claims his horse stopped and he was unable to avoid hitting the buggy.

The buggy was overturned and the aged man was thrown violently to the pavement, suffering the fracture of two ribs and the left arm near the shoulder. He was taken at once into the home of Mrs. Abbie Pitcher, nearby, and medical aid was summoned, following which the sufferer was removed to the hospital. It was necessary to administer anaesthetics to reduce the fractures and because of his age it is feared the injuries may prove fatal.

LONDON STILL WANTS REV. JOSEPH NEWTON

FORMER DIXON PASTOR THINKS
HE MAY HAVE TO GO
TO ENGLAND.

Rev. Joseph Fort Newton of Cedar Rapids, Iowa, former pastor of the People's church in Dixon, who was in Dixon today to officiate at the funeral of the late Robin Hartwell, told a Telegraph reporter that he may have to go to London, after all. Telegraph readers will remember that Rev. Newton had an offer from City Temple Church in London, that he spent some time in the church and the members were very enthusiastic in their efforts to get him to take the charge. Rev. Newton, however, declined a very flattering offer from this, the greatest of London churches, situated in the heart of the greatest city in the world, and decided to stay in America.

Just recently, however, the City Temple Church cabled him that he must come to England and that he should name his own terms and arrangements. Rev. Newton leaves Dixon this evening, and he will confer tomorrow with Rev. Gonsaulus of Chicago regarding the acceptance of the London offer.

Rev. and Mrs. Newton arrived in Dixon last evening and were guests at the E. J. Countryman home. Mrs. Newton will remain in Dixon tonight and will return to Cedar Rapids tomorrow.

Rev. Newton left here only eight years ago, and he has a great number of admirers in Dixon who feel a justifiable pride in the recognition and honor shown the former Dixon pastor.

Rev Lumsden Expresses Appreciation Of Loyal Support Given By Church

Rev. E. C. Lumsden, pastor of the Methodist church, who leaves tomorrow to attend the annual session of the Rock River conference, and who has been given an invitation by the local church to return another year, Sunday expressed his appreciation of the co-operation which has been given him by the local membership as follows:

On Tuesday I must go to conference. The year has surely seemed short enough. Some things have been accomplished both of a spiritual and temporal kind. We have had our ups and downs just as any large family will have but in the main I think some good has been accomplished. I feel that I have done you good and I am sure you have done me good. Co-operation is a large word in anyone's vocabulary. These words also should be part of the church's talk—faithfulness, promptness, sacrifice, hopefulness, honesty.

SPEAR HEAD IS "BEST FRIEND" OF F. C. MCCARDLE

Dixon Machinist Believes in Tobacco's
Quality After 5 Years' Test

Only the man who uses Spear Head knows how delicious the flavor of chewing tobacco can be—how sweet, and satisfying. Those who once get a taste of Spear Head never "switch" to any other chew. Here is a letter from Fredric C. McCordle, skilled machinist, of Dixon, Ill., a Spear Head enthusiast:

"I have chewed Spear Head for five years and found more satisfaction in it than any other tobacco I have ever chewed. It's tobacco to the last with the flavor still in it. When my plug of Spear Head is gone I have lost my best friend."

In Spear Head you get all the natural juices of choice red Burley leaf, hand-stemmed, carefully cleansed and pressed into plugs in a clean sanitary spic-and-span factory.

It is a pure, high grade product, for a third of a century the favorite of the best judges of tobacco.

REV. LUMSDEN EX- PRESSES APPRECIATION

(Continued from Page 1)

society has had a good year and so have the societies affiliated with it. This work is so vital.

The Woman's Home Missionary society has made good use of this year's time and many valuable lines of work have been taken up. The Queen Esther society and other societies fostered by the W. H. M. S. are in good working order.

The choir has given excellent service. We covet for our church the very best of music. Faithfulness here wins its richest reward. We may look forward to the future, expecting that our Lord's praise will be sung by willing hearts and consecrated lips by both Junior and Senior choirs.

The prayer meetings have not been as large as I hoped they would be. There has been excellent interest however. The prayer meeting is vital.

And then our official board. There men have surely stood by—no one but a member knows how much work it means. They have done tangible things—a new garage, the basement newly painted, the roof repaired, the floor put in good shape and O so many things to look after. Through it all there has been spirit of fairness and no one trying to run things. We do not need any boys (Only the preacher.) There has been harmony in the midst of sometimes diversity of opinions and that's the test of a man's religion. I have been left unprejudiced so far as any one personally is concerned. That's fine in any community.

Now should I be returned to you for another year our one desire shall be to be helpful and to further the kingdom of our blessed Master. I want to know nothing among us only Him and His crucified. Mrs. Lumsden, Newell and I have appreciated your kindness and your beautiful invitation to remain another year. My one regret is that I have not done more.

SEASON OPENS AT

DIXON OPERA HOUSE

"The Elopers" a musical comedy in two dashes, was the heading in the bills, and "The Elopers" staged at the Dixon opera house last evening was greeted with a packed house. The music of the piece was excellent, the dialogue bright and witty, the chorus of pretty girls hard to equal and the entire performance in two acts kept interest at its height. Ward DeWalt, the star of the attraction, is a versatile young actor and he and Miss Josephine Kernell were well supported by the company. The situations many times were screamingly funny and the applause signified the pleasure of the attraction. Dixon exhibited its appreciation of the attraction by a crowded house and it is evident that good plays and musical comedies during the coming winter will be well patronized.

DIXON HIGH IN RACE. FOR SECTIONAL HONOR

PLAYING IN SATURDAY'S CUR-
TAIN RAISER HAS DEMON-
STRATED CLASS.

OVERWHELMED VISITING TEAM

Locals Displayed Midseason Form in
First Game—Excellent
Team.

The story of Saturday's season-opening football game between Dixon and Mendota high school teams, Dixon's victory which was bulletined in the Telegraph Saturday evening, indicates that the Dixon aggregation will be a contender for northern Illinois honors. At no time did Mendota have a change against the clever and almost perfect play or the local aggregation, which is by far the best that has represented the local high schools in several years.

In fact Dixon's team work was a revelation to all the fans who gathered at Athletic park to witness the contest, and followers of the game agree that seldom has a local team demonstrated such form in a first game. From the first the visitors were bewildered by the speed with which Dixon executed her formations, and all through the game the locals kept up a sharp attack which completely overwhelmed the LaSalle county boys. To single out any one "star" in the Dixon team would be manifestly unfair to the rest, for all of the boys played excellently. The Dixon lineup was:

Poole, re; Whitcombe, rt; Dixon, c; Gardner, rg; Worsley, lr; Bartholomew, lt; Fitzsimmons, ls; Schuler, qb; Vaughan, rlb; Brooks, llb; Schrock, fb. Subs—Weiner, Schofield and Shaw.

Touchdowns scored: Vaughan, 2; Schuler, Poole, Schrock, Brooks, 3. Field goals—Vaughan, 2.

The officials at the game were: Referee—Rogers, Northwestern. Umpire—Brock, Mendota. Head Linesman—Hirschman, Dixon.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with
phosphate before breakfast
washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of Limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant. Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

Farewell to Neighbors

The friendship of your neighbors is a desirable thing and when one hundred forty neighbors come to tell you all in one evening how much they will miss your departure, it is indeed overwhelming. That is what happened to Mr. and Mrs. James Feldkirchner of South Dixon Friday evening, one hundred forty of their friends coming to give them one farewell good time before they moved to Dixon. A most enjoyable evening was the outcome. During evening a brief musical program was given—the Misses Josephine and Ruth Llevan furnished both vocal and instrumental music and Miss Emma Seybert, accompanied by her sister, Miss Mahale, gave a vocal solo. As an expression of the warm friendship of those present, Charles Bolliver presented Mr. and Mrs. Feldkirchner with a silver bread plate.

Country Club Informal

The Country Club entertainment committee announces for Thursday its postponed informal with the customary evening dance. The rain of last week prevented its being held then. Those who desire may bring the wherewithal for a scramble supper but, of course, as the evenings are getting pretty cool for an alfresco supper, little stress is being laid on this feature. Those who care to scramble will probably eat on the porch or within doors. The afternoon diversions for those coming then will be golf, of course, and cards, mayhaps, as the card tables and golf course are always ready.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brewed Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rob Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

MRS. MAY'S LETTER TO WOMEN

More Proof that Lydia E. Pinkham's Vegetable Compound Relieves Suffering.

Chicago, Ill.—"I suffered from a bad case of female ills. Lydia E. Pinkham's Vegetable Compound was recommended and I took about six bottles. It fixed me up all right. The common symptoms of such a condition—pain when walking, irritation, bearing down pains and backache, nervousness and disordered digestion—soon passed away. I look much better now than I did before, and I recommend the Compound every time for female troubles, as it did for me all it is claimed to do. You have my permission to publish this letter." Mrs. J. MAY, 3548 S. Lincoln St., Chicago, Ill.

If you have any of the symptoms mentioned in Mrs. May's letter, remember what Lydia E. Pinkham's Vegetable Compound did for her, and try it yourself. It is a good old-fashioned medicine, made from roots and herbs, and it has helped countless numbers of women.

If you need special advice, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Crisp Days Suggest Fall Coats and Suits

—and here they are, straight from the Wooltex House

garments that you will want to see because of their getueel elegance, distinctive individuality and surpassing value.

The assortment is now at its best with delightful variety both in color and style.

Three of these coats are illustrated below

Such coats are not to be found everywhere this season—nor are such suits as the Wooltex models we have been showing ever since the fall season opened up. Wooltex in a garment means, as you know, pre-shrunk materials: pure wool, pure silk—no adulteration; every seam sewed with silk thread; and a nicety of tailoring that is rare indeed in coats and suits even at much higher prices than these.

GARFIELD'S REASONS.

James R. Garfield, son of the martyred president, who served as secretary of the interior in President Roosevelt's cabinet and who followed him into the progressive party, is supporting Hughes for president, and states his reasons as follows:

Hughes is a man of wisdom, courage and action; his deeds have been consistent with his words; as governor of New York he fulfilled his promises; he acted with judgment, foresight and vigor; he feared no party, no faction, no special interest; he safeguarded the rights of all persons; he did not yield to party exigency nor truckle to popular favor; he strove for justice and righteousness.

As a justice of the supreme court he steadfastly stood for human rights, for popular government based upon reason, for the wise construction of the constitution which makes that instrument meet the needs of our people as a nation, and guarantees to the congress the powers to solve our vital, social and industrial problems.

He is bound by no ties of class, faction or section; he believes that the government should be administered by competent men and women for the benefit of all people, not by party favorites for the benefit of themselves and their party; he is in sympathy with the best progressive thought of our people; he believes that women should be guaranteed through the federal constitution equal political rights and duties with men and above all, he stands for the absolute protection of lives of American men, women and children throughout the world.

Our opponents object to criticism of Wilson. They forget that the administration in power must necessarily be on the defensive. It is not the criticism that hurts, but the truth and justice of the criticism.

Wilson is not worthy of re-election. Compare his promises with his acts, his opinions when a teacher not in politics with the opinions he now expresses. A man should change his opinion when he finds himself in error, but it is most unfortunate if he makes the change when he is a candidate for office and when the change seems popular.

He assailed a protective tariff and a tariff commission, yet he approved a highly sectional tariff, and now endorses a tariff commission. He was an ardent advocate of the merit system, yet he has as president made the most serious inroads upon the merit system of any president in the last 25 years. He talked about efficiency, but appointed incompetent men to high office. The people of Chicago ought not to forget the actions of federal officials who pretended to investigate the Eastland disaster.

He promised that a democratic tariff and banking act would lift the burden from the people and reduce the cost of living. He found his tariff failed to yield sufficient revenue and is now strangely silent on the steadily increasing cost of living.

He denounced the efforts of those who would protect women and children by federal laws against exploitation in industry, claiming that the states alone could and should deal with those problems. He now claims credit for the federal child labor law. Unfortunately, it is a protective law in name only. It is a mere pretense, a scheme to catch the unthinking votes. No exploiter of child life need fear that law.

The Wilson doctrine of "Too proud to fight" has bred weakness, cowardice and disloyalty among our people. Wilson preached unpreparedness until forced by an aroused public opinion to change. Then in haste he forced the enactment of the Hay bill, which military experts and the thousands of national guardsmen now on the border know is a poor makeshift for real preparedness.

People should not be fooled by the catch phrase, "Wilson has kept us out of war." The alternative of our present condition is not war, but honorable peace based upon the absolute protection of the lives of our citizens on sea and land. In this way only can we gain the respect of other nations, and in this way only can we deserve it.

Had Germany believed that Wilson meant what he said, there would not have been the Lusitania horror.

Had Mexico believed that Wilson really intended to protect Americans there would be a totally different situation on our border. The dreadful toll of Wilson's Mexican policy is more than 300 American citizens murdered, and many hideous outrages upon American women. How can women at home approve such a record? Had Wilson shown strength and force in the beginning, Mexico would have feared to commit such outrages. His weakness provoked attack and induced contempt.

Wilson preached arbitration—forced arbitration through the senate when there was nothing particular to arbitrate, but when the vital principle of arbitration was assailed in the railway controversy, he abjectly abandoned it. That measure attempts to fix wages for a special class without investigation of facts, and imposes upon the farmers, manufacturers and the traveling public an additional cost for service without a determination of its wisdom or justice.

Wilson wanted votes, not facts. Hughes dares stand for principle; he wants facts upon which to wisely base action and is not frightened by threats.

CURRENT COMMENTS

Philadelphia Ledger: One feature of the various celebrations in honor of Lafayette was the dinner in New York to the French ambassador to the United States, M. Jean Jules Jusserand. There is no need now to praise the ardent young Frenchman, who, out of sheer love of liberty and not as a soldier of fortune, offered his sword to the American colonies at a time when their hopes were dark indeed. Washington's strong

affection for him was well bestowed. His military talents were beyond the ordinary, as his exploits on both sides of the water showed. Yet it is by his generous enthusiasm but his motives. Perhaps his greatest service to his time was that he did more than any other man to establish a tradition of friendship between France and America which nothing has been able to destroy. For its maintenance in these perilous times M. Jusserand must have a large share of the credit. He has filled a post which war made un-

usually difficult with a tact, a discretion, a sincerity beyond all praise.

Pittsburgh Post: A dispatch from Rome reports the minister of war as forbidding blasphemy in the Italian army, under severe penalties for violation of the order. The impiety of the practice of profanity has ever been enough to condemn it; but this latest injunction aims at removing any excuse for it, showing that it is, in fact, a habit of sailors against using them as types of the profane. How frequently the impression also has been given that soldiers fall easily into the habit! The order of the Italian war minister shows his opinion that no allowance can be made for the practice anywhere. Those who are fighting the habit under ordinary conditions here have an important example. If soldiers under the excitement of battle or in the presence of desperate conditions must refrain from blasphemy, surely any individual can withhold himself from breaking into profanity under the most ordinary circumstances.

Isle of Pines Appeal: Mangoes as a money making crop seem to deserve more attention than is bestowed upon them by the average Isle of Pines grower. Experiences of the few planters who have marketed this fruit in the north have been uniformly encouraging. Of course it is the improved budded mango that sells on the northern market and there are several varieties which have been proven successful. Probably chief of these is the Sanders which is one of the largest, is fairly free from the stringy fibers of the wild mango, and is superior in flavor. The Mulgotha is said to be the finest flavored of the entire mango family, but is generally uncertain to yield. There are, however, many desirable kinds and it would pay every grower to devote at least a portion of his grove to improved mango culture.

Rochester Democrat and Chronicle: The question whether women generally are capable of becoming competent automobile drivers may not have been definitely settled by the feat of a San Francisco woman, in driving a car in 11 days from that city to New York, over the Lincoln highway, but it adds interest to the controversy. It is claimed that she made the trip alone, did all the repairing necessary and camped out at times along the road. So far as is generally known, this is the record time for a woman over the transcontinental automobile speedway. The feat is the more remarkable for the reason that the highway is far from completion. Long stretches of the journey must have been made over dirt roads, with the consequent enforced lowering of speed. The venturesome journey was made under the auspices of the Young Women's Christian Association of San Francisco. The advertising features of the task are not obtrusively prominent, although doubtless they might be discerned without the use of a compound double-action microscope. In any event, the driver should experience no difficulty in qualifying as a competent chauffeur.

New York Evening Post: Is dancing going out of favor? Not if the teachers have anything to say about it. Behind closed doors the American Society of Professors of Dancing is holding its annual convention, and disquieting rumors are abroad. Vernon Castle smuggled a jewsharp into his aviation-kit, and is teaching the London taps in the trenches. This dance will rival the Hula Hula in popularity during the coming season, save for those who prefer the Two-Step, or Walking the Dog. In this way the dancing masters, like the tailors, keep the wolf from the door by the fertility of their imaginations and the iron hand of fashion, which they control. The Turkey Trot gives way to the Bunny Hug, the Grizzly Bear fades at the advent of the Chicken Flip, the Tangle and the Shiver and the Wabble pass away. As if he did not have troubles enough already in mastering the new steps every year, it is now decreed that the man shall dance back wards, instead of the girl. In all this mark there is one ray of hope for those who still fondly dream that dancing is a pastime, and not a profession. "The waltz will stay forever, the dancing teachers say."

Rochester Democrat and Chronicle: After a few months of comparatively uninterrupted traffic, the Panama canal has again been closed to vessels for a period of six days. Heretofore all the trouble from slides has been experienced at the old Culebra cut, near Gold Hill. The present slide is at a different point where the channel was supposed to be permanently clear. Whether the difficulty is only temporary, or the experience at Gold Hill is to be repeated, remains to be seen. In so far as tolls are concerned the present year has been to a degree disastrous. The effect of the closing of the inter-oceanic waterway is being shown in the growing impression that the route is unreliable, thus rendering it unpopular with shippers. It is the opinion of General Goethals that the banks of the canal will ultimately reach permanent stability.

YOU'RE BILIOUS! LET "CASCARETS" LIVE LIVER AND BOWELS

Don't stay headachy, constipated, sick with breath bad and stomach sour.

Get a 10 cent box now.

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clear, with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep, cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet, liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because the taste good—never gripe or sicken.

LINER PHILADELPHIA RUNS TO PORT AFIRE

Believed Blaze Started at Beginning of Voyage.

New York, Oct. 2.—Racing to port from mid-ocean when flames were discovered in the hold underneath the steerage quarters, the steamship Philadelphia, of the American line, arrived here with the fire still smoldering, the hatches battered down and steam being poured in over the cargo in an effort to prevent the fire from gaining headway again.

Although the fire was not discovered until Thursday morning when the ship was 800 miles from New York, it is believed it had been smoldering since the Philadelphia left Liverpool five days before.

The Philadelphia carried 640 passengers, of whom 343 were in the steerage. It was feared that a panic might result in the steerage if the passengers there learned of the fire and accordingly, when the situation seemed serious they were removed to another part of the vessel.

At times the heat was so great that the pitch in the seams of the deck melted.

Mr. and Mrs. Warren George and Mr. and Mrs. Harry Edgington and Mrs. Sarah George of Ashton were Dixon business callers Friday evening.

WOMAN SLAIN IN MOTOR MYSTERY

Body of Apparently Wealthy Victim Found in Bushes.

JEWELRY AND CASH ARE GONE

Tragedy Victim Thought to Have Been a Member of Party Touring in Vicinity of Grand Rapids—Letter Bore "Mrs. Mary Kimball, Elkhart, Ind."

Grand Rapids, Mich., Oct. 2.—The body of a well dressed and apparently wealthy woman, who had been shot twice in the head and robbed, was found in a clump of bushes just outside this city. The only clue to her identity thus far discovered is a letter in her purse addressed to Mrs. Mary Kimball, Elkhart, Ind. The letter was from a daughter at Neepawa, Manitoba, Canada.

The police believe the woman was one of a party of automobile tourists, but whether she was murdered by her own party or whether she was the prisoner of auto bandits or under what circumstances she was killed cannot be determined.

Body in Shrubbery. The body lay in the midst of a clump of natural shrubbery, which evidently had been used as a picnic grounds by an auto party. Paper plates, tin spoons and other indications of a picnic dinner were scattered about.

The police and deputy sheriffs have covered the country for miles around, but have not succeeded in finding any one who ever saw the woman. They are divided in opinion as to whether she was killed by companions or whether she was shot and robbed elsewhere and the body thrown out of an automobile. Apparently it had lain on the ground for two or three days.

Money in Purse Taken. The letter was in the woman's purse, which had been rifled of all money. It was not in an envelope, but the envelope was in the purse, with the postmark so blurred, by accident or design, that it cannot be read.

Letter Believed Blind. Not a penny was left in the purse; nothing but a few toilet articles and the letter. This inclines the police to the belief that the letter may have been placed there to lead them on a false trail, as it would certainly have been taken away or destroyed if the robbers had considered it a means of identification and wanted to baffle the officers.

The woman seems to have been about forty years old, and the condition of her hands and the quality and style of her dress, indicate refinement. No inquiry has been received by the police here regarding any one who disappeared on a trip through this part of the country.

U. S. SENATOR CURTIS HURT

Kansas Falls Down Flight of Stairs at Hammond.

Hammond, Ind., Oct. 2.—Senator Charles Curtis of Kansas, on a spelling tour of Indiana, for the Republican party, cut his foot short at Crown Point.

While climbing a thirty foot flight of poorly lighted stairs to the auditorium, Senator Curtis missed his footing and fell down the entire length of stairs. He was not seriously injured but unable to go on with his tour.

GERMANS SEIZE LOADS OF BOOTY

Hermannstadt Victory, However, Not So Signal.

PRISONERS ARE ONLY 3,000

It Is Admitted by Vienna That the Roumanians Have Hurled Back the Austrians—Serbs Also Victors Over Bulgars in Desperate Balkan Fighting.

Berlin, Oct. 2.—The victory of General von Falkenhayn over the Roumanians around Hermannstadt, in Transylvania, grows with every new dispatch from the front. The Roumanian First army has been shattered and the second army rushed to its assistance, has been badly battered, being now solely on the defensive. Those Roumanians of the first army not killed, wounded or captured, are scattered widely in the pathless mountains and trackless wilderness, their supplies cut off. Hundreds are expected to be gathered in by the forces thrown out by Von Falkenhayn to scour the country. The victory has caused the greatest excitement and jubilation seen here in months.

London, Oct. 2.—A Zeppelin was shot down north of London Sunday night.

London, Oct. 2.—Vast amounts of war supplies were captured by the Germans in the Hermannstadt (Transylvania) battle, which resulted in the rout of the First Roumanian army, according to advices from Berlin.

The same dispatches state that more than 3,000 prisoners were captured. What this figure signifies is a matter of conjecture, as 3,000 is considered a small number in view of the masses of troops believed to have been engaged.

It may mean that the Roumanians retreated fast enough to save a large portion of their forces. It may be interpreted as implying that more of the Roumanians caught in General von Falkenhayn's vise were killed.

Position Not Hopeless. However, that Roumania's position in Transylvania is not hopeless is indicated by the Vienna official report. Waue declaring that the invading army was dispersed in the Hermannstadt region, the announcement adds that the Roumanians further north, attacking to relieve their compatriots, forced the Austrians to retire on one section of the front.

Capture by the Serbians of Kashiakalan heights on the Serb frontier of the Macedonian front is admitted by the German war office. The Bulgarians and Serbs have been fighting for the ridge for some time and it has previously been reported in the hands of the Serbs. But this is the first admission of its loss by Berlin.

Force Back Bulgars. British troops on the Struma section of the Macedonian front, it is officially stated, have seized a portion of the Bulgarian line below the Orjak.

PREP GRID STAR MISSING

Everett, Mass., High School Boy Fails in Lessons and Disappears.

Everett, Mass., Oct. 2.—Search is being made in every city and town in New England for Fred Marshall, captain of the Everett High school eleven, who disappeared Saturday after he had been notified that he would not be permitted to play in a game between his team and that of Colby academy at New London, N. Thinks It Largest Silo. Nelson, Ill., Oct. 2.—What is believed to be the largest silo in the state has been built on the farm of Addison Hollenbeck. It is 65 feet high, 13 feet in diameter and has a capacity of more than 300 tons of ensilage.

Tires of Being Fugitive. Mount Carroll, Ill., Oct. 2.—Weary of being fugitive from justice, Henry Clay, who cashed at the First National bank of Lanark, Ill., a check he had raised from \$275 to \$507.50, surrendered to the sheriff.

Crow Bounty Abolished. Freeport, Ill., Oct. 2.—The Stephenson county board of supervisors has abolished the bounty on crows and crows' eggs and increased the bounty on groundhogs from 10 cents each to 25 cents.

Judge Changes Residence. East St. Louis, Ill., Oct. 2.—Former Circuit Judge W. E. Hadley of Edwardsville, Madison county, has removed to East St. Louis, St. Clair county, with his family and has leased the Gohn home.

Held Soldiers for Theft. Springfield, Ill., Oct. 2.—Two soldiers, who refused to give their names, were arrested at Chatham charged with the theft of a cash register containing \$125 from a restaurant in Chatham.

PRAIRIEVILLE
HOME COMING

Prairieville opened her arms and her heart to her home-coming sons and daughters, young and old, and gave them a welcome which they will long remember. It was the first home coming celebration of the Prairieville school, and the people of the little village carried the affair through in a way which might well be envied by many a larger community. Every detail had been carefully worked out, and nothing seemed lacking to make the day a success.

People began to arrive at an early hour, and by noon autos were parked all around two sides of the large school grounds and on the church

lawn. Fifty-five automobiles and 20 teams brought in their loads by every road, and the interurbans from Dixon and Sterling brought large numbers. Every person was expected to constitute himself a member of the "get acquainted" committee and every one was soon busy renewing old acquaintances and greeting old school friends of years ago. Business and professional men who had been pupils of teachers of the school left their work and came to spend the day with old friends in the shade of the splendorous trees of the old school grounds. The teacher boards and swing were kept busy by the younger children, while the boys and young men made use of a nearby pasture for playing ball.

All visitors were urged to register their name, address and the date of school attendance. An exhibit of old-time school pictures, groups of scholars, individual teachers, etc., was arranged along the walls in the upper room, and this exhibit was the object of great interest and discussion during the day.

Shortly after the noon hour the welcome pealing of the old school bell called everyone to the dinner tables, where the ladies had been preparing one of those picnic dinners for which the neighborhood is famous. Four tables, each 32 feet long, were crowded with picnickers, two of them were filled a second time while scores of the smaller children ate on the grass. More than four hundred people sat down to the dinner. A refreshment stand furnished soft drinks, cracker jack, ice cream, etc., to all who desired them.

As soon as the tables could be cleared away, the people were called together for the program which had been carefully arranged. Mr. L. W. Miller, superintendent of schools of Lee county, presided. Rev. Harris of Sterling offered the invocation.

An address of welcome was given by Leroy Thummel, and the response was by Mr. F. F. Klosterman of Chicago, one of the very early pupils of the school. He said that he always felt proud and thankful that Prairieville had been his home. He thanked the people on behalf of the visitors for their greeting and their heartfelt welcome. The directors and patrons of the school were congratulated for the work they were doing for education. The speaker compared the present advantages with those of the old days, and closed his address by saying that he would remember this day for many years to come.

After a violin solo by Harry Asch-off, a history of the school, written by Luella and LeRoy Powers was read by Miss Luella Powers. This was a very interesting account of the school from the earliest days, with a list of the teachers, and contained many items of interest and value.

County Supts. Cross of Ogle county and Price of Whiteside were both present by invitation, and each gave a short address. Both stated that they were present to obtain information, and had come to look over the improvements and equipment of the school. They congratulated the district for the splendid school building and grounds, and asked for the privilege of sending some of their directors to inspect the equipment.

Atty. E. H. Brewster of Dixon gave a few personal reminiscences of the time he was teacher, 1889 and '90. He declared that it was not the teaching alone which had made Prairieville school so successful, but the spirit of the school in the community, their idea having been to keep the school up to the highest possible standard.

Mr. A. E. Thummel was called upon for a few remarks, and he gave some reminiscences of the Prairieville boys who went from the school to the war and related some of their

KENTUCKY MOOSE BAR T. R.

Demand Colonel's Figure Be Eliminated as Emblem—Oppose G. O. P. Louisville, Ky., Oct. 2.—The names of thirteen presidential electors to be voted for in November by Kentucky Progressives have been certified to the secretary of state at Frankfort. The purpose was said to be to keep the party organization intact. The certificate requested that the figure of Theodore Roosevelt be eliminated as the party emblem and that of a bull moose substituted.

W. Scott Cowan Weds.

Chicago, Oct. 2.—Illinois Republicans and the state official circle were surprised to hear that W. Scott Cowen, former state grain inspector, had been married. His bride is Miss Irene Margaret Guion of 2681 Orchard street. She was his secretary when he was secretary of the Republican state committee.

Prof. E. T. Austin, principal of the Sterling township high school, when called upon said: "There is nothing better for boys and girls than to be brought up in the country and to attend a school like this." He hoped that they appreciated their advantages, and would build characters as straight as the fine trees growing in the school yard.

These talks were interspersed with music, consisting of solos by Mrs. Katherine Ballou of Dixon, a duet by Mrs. Myers and Mrs. Greta Kreider, and a piano solo by Miss Bessie Reitzel, all of which were greatly appreciated.

Hon. J. P. Wilson, an old pupil, in a short address said: "Let us as long as we live learn to encourage the man who is doing the right thing while he is doing it. I regret that we have not told the older people of the community, who founded and improved this school, that we have appreciated what they did."

At this point the program was interrupted by a shower, while there were still several speakers to be heard. After the shower an attempt was made to resume, but the rain again interfered. Supt. Miller then presented to the school the diploma which it had earned as a standard graded school under the new requirements. Prairieville is only the second school in the county to receive this honor, the other being the North Dixon high school.

Prairieville's first home coming was a great success. That it was so is due largely to the untiring efforts of the school board, enthusiastically supported by Supt. L. W. Miller and by the patrons of the school. The feature which seemed to appeal to all the visitors, as expressed by them in their remarks, was the social side of the affair, the opportunity of meeting with old friends and relating their experiences of the old days. Several were heard to say that they hoped the home-coming might be an annual affair, and its success at this first attempt makes it well worthy of perpetuation.
